For Immediate Release:

PACE Inc. Expands to the West Coast

PACE Inc., an outdoor power equipment distributor based in Plymouth, Michigan, has recently acquired the Bliss Distributing Company of Sacramento, California. PACE West Inc., officially took over the Honda engine distributorship July 29, 2008.

According to Chris Saxton, President of PACE, Inc., he expects a seamless transaction to take place with no interruption in service to the dealers. Saxton also states he is looking forward to working with the dealers to learn more about the California market and give them the tools needed to help them grow their business.

Founded in 1982 as a Honda engine distributor, PACE Inc. has a great reputation for providing premium brands of outdoor power equipment for commercial lawn maintenance, landscape, rental, and construction businesses. Along with 24hr online ordering, PACE backs up their products with a complete line of replacement parts, factory-trained technical service, customer service, and warranty personnel. The PACE commitment to serving its dealers, vendors, and end-users will make PACE an ideal partner for Honda and its dealers in the California market.

PACE also has a branch in Lakeland, Florida and warehousing in West Bend, Wisconsin.
